

CALL FOR PAPERS

The 22nd Annual ACM Symposium on Applied Computing
Seoul, Korea, March 11 - 15, 2007

TRACK ON COMPUTER NETWORKS

SAC 2007

For the past twenty-one years the ACM Symposium on Applied Computing (SAC) has been a primary and international forum for applied computer scientists, computer engineers and application developers to gather, interact and present their work. The ACM Special Interest Group on Applied Computing (SIGAPP) is the sole sponsor of SAC. The conference proceedings are published by ACM and are also available online through ACM's Digital Library. Authors are invited to contribute original papers in all areas of experimental computing and application development for the technical sessions. For additional information, please check the SAC web page: <http://www.acm.org/conferences/sac/sac2007>

TRACK ON COMPUTER NETWORKS

A special track on Computer Networks will be held at SAC 2007. This track aims to be a forum for scientists, engineers and practitioners, in academia and industry to share new ideas, experiences and results, and to present their latest findings in any aspects of Computer Networks. Original papers and tutorials (half or full day) are invited in all areas of Computer Networks. The Track will emphasize the design, implementation and applications of computer networks. Topics of mostly theoretical nature are also welcome, provided there is clear practical potential in applying the results of such work. Major topics of interest include but are not limited to the following:

- Active and Programmable Networks
- Ad hoc & sensor network
- Congestion and/or Flow Control
- Content Distribution
- Grid Networking
- High-speed Network Architectures
- Internet Services and Applications
- Optical Networks
- Mobile and Wireless Networks
- Network Modeling and Simulation
- Multicast
- Multimedia Communications
- Network Control and Management
- Network Protocols
- Network Performance
- Network Measurement
- Network Security
- Network Survivability and Adaptability
- Peer to Peer and Overlay Networks
- Quality of Service
- Routing and Switching
- Self-organizing Networks
- Traffic Engineering and Characterization
- Transport Protocols
- Ubiquitous Networks

GUIDELINES FOR SUBMISSION

Original and unpublished papers are solicited from the above-mentioned areas. The file format should be either WORD, Post Script or PDF (PDF preferred). The author(s) name(s) and address(es) must not appear in the body of the paper, and self-reference should be in the third person. This is to facilitate blind review. The body of paper should not exceed 5,000 words (5 pages in ACM format). A separate cover sheet attached to each copy should show the title of the paper, the author(s) name(s) and affiliation(s), and the address (including e-mail, telephone, and FAX) to which correspondence should be sent. A few key words should be provided. A paper cannot be sent to more than one track. Original manuscripts should be submitted through the following web site:

<http://sac.cs.iupui.edu/SAC2007/SubmitAbstract.aspx?TrackID=97>

Should you face any problem with the submission system, please contact Jeff Allen at jallen@cs.iupui.edu.

For any other question regarding this Track, please contact the Chairs at sac2007@taqus.inesd-id.pt

IMPORTANT DATES

September 8, 2006: Paper and Tutorial Submissions Due

October 16, 2006: Author Notification

October 30, 2006: Camera-Ready Paper Due

TRACK CHAIRS

Mário Freire
Associate Professor
Dept of Computer Science
University of Beira Interior
Covilhã, Portugal
mario@di.ubi.pt
<http://www.di.ubi.pt/~mario>

Teresa Vazão
Assistant Professor
Dept of Informatics Engineering
INESC ID/IST
Lisbon, Portugal
teresa.vazao@taqus.ist.utl.pt
<http://www.dei.ist.utl.pt:8080/fenghuanq/publico/pessoal/paginaPessoal.do?username=tvv>

Edmundo Monteiro
Associate Professor
Dept of Informatics Engineering
University of Coimbra
Coimbra, Portugal
edmundo@dei.uc.pt
<http://eden.dei.uc.pt/~edmundo>

Manuela Pereira
Assistant Professor
Dept of Computer Science
University of Beira Interior
Covilhã, Portugal
mpereira@di.ubi.pt
<http://www.di.ubi.pt/~mpereira>

PROGRAM COMMITTEE

Abbas Jamalipour, University of Sidney, Australia
Abdelhamid Mellouk, University of Paris XII, France
Alexandre Santos, University of Minho, Portugal
Eurico Carrapatoso, University of Porto, Portugal
Fernando Boavida, University of Coimbra, Portugal
Georgios Karagiannis, University of Twente, Netherlands
Guy Pujolle, University of Paris, France
Hyunkook Kahng, Korea University, Korea
Hussein Mouftah, University of Ottawa, Canada
Ilyoung Chong, HUFS, Korea
Joaquim Arnaldo Martins, University of Aveiro, Portugal
José Luís Oliveira, University of Aveiro, Portugal
Krishna Sivalingam, University of Maryland Baltimore County, USA
Leonardo Mariani, University of Milano Bicocca, Italy
Manuel Ricardo, University of Porto, Portugal
Mohammed Atiquzzaman, University of Oklahoma, USA
Nelson Fonseca, University of Campinas, Brazil
Nirwan Ansari, NJIT, USA
Pascal Lorenz, University of Haute Alsace, France
Pedro Veiga, University of Lisbon, Portugal
Raouf Boutaba, University of Waterloo, Canada
Stamatios Kartalopoulos, The University of Oklahoma, USA
Suresh Subramaniam, George Washington University, USA
